

400VA TRANSFORMER

SPTR

MODULAR POWER TRANSFORMER

The new generation SA POWERNET EX 400VA Transformer represents a leap forward in flexible power distribution. Developed as part of a modular power system, the transformer is highly versatile. The unit is stackable which further adds to its usability and it is available in multiple configurations.

Like all SA products, it is highly durable unit designed for use in the harshest environments. The transformer can be combined with other SA POWERNET Transformers and Splitter Boxes to create 'power blocks' as required.
